iMag™

Credit Card Reader for iPhone or iPod touch

Card Swiping on your iPhone or iPod touch

The ID TECH iMag is a magnetic stripe reader for the iPhone 3G, iPhone 3GS, iPhone 4, or the iPod touch. Use your mobile device to read a variety of magnetic stripes, including credit cards, signature debit cards, gift cards, loyalty cards, driver's licenses, and ID badges.

Superior MagStripe Reading Performance

The iMag utilizes ID TECH's proven MagStripe reading technology, providing bi-directional card reading of up to three tracks of information. With a guaranteed operating life of at least 300,000 card swipes, the iMag offers exceptional card reading capabilities in a durable form factor.

Incredible Convenience

The ID TECH iMag allows merchants to provide their customers with another acceptable method of payment, and with the capability to swipe credit cards, merchants can save money by avoiding costly card-not-present fees. With the ID TECH iMag, merchants can accept credit card payments wherever they go.

Features and Benefits:

• Supports TDES and AES encryption using DUKPT Key Management
• Reads up to three tracks of card data
• Superior MagStripe reader performance
• Bi-directional card reading
• Mini-USB port enables iPhone to be charged
• Low battery consumption
• No external power supply required
• Small form factor for comfort and mobility
• Durable, snug fit design
